Green campus and energy conservation policy

Introduction

APJTT College, Kudlum, Nagri, Ranchi takes the responsibility of maintaining a green Campus, undertaking environmentally friendly initiatives and increasing environmental awareness and energy conservation among its faculty and student.

Energy conservation is a vital strategy for protecting the environment and ensuring sustainable development. By reducing energy consumption, we can mitigate environmental damage, conserve natural resources, enhance economic resilience, and promote a healthier society. Adopting energy-efficient technologies, changing consumption behaviors, and supporting favorable policies are essential steps toward a sustainable future.

Objectives

- To develop specific policy to promote, improve and monitor environmental practices and work towards reducing the Carbon Footprint in the campus.
- Encouraging use of Bicycles for daily commute.
- To plant a sufficient number of trees, potted plants every year and keep the campus Green.
- To maintain the green landscape in every part of the college.
- To ensure development of the college campus without compromising environment issues.
- To create awareness about environmental issues by organizing various activities.
- To sensitize the students and the staff to minimize the use of polluting products and use environmentally friendly product and services.
- To minimize the use of non-renewable energy resources by adopting measures for alternative power generation.

(Run by Vidya Vikas Samiti, Jharkhand)

- Minimize the consumption of non-renewable electricity by installing high tech measures such as solar panel installation.

APJTT College established in 2010 run by Vidya Vikas Samiti and prides itself in its history of 13 years to prepare teachers for nation building and college Green campus is a concept to build sustainable living practices that are environmental-friendly in educational institutions around the world. Sustainable environment in college campus impacts students' lives positively on a daily basis as well. College has its own aesthetic beauty. The college welcomes everyone who enters with the portal with its peepal tree and shaded park surrounded by trees and various flowers. Besides this, there are colourful landscape gardens creating many green spots and around the campus. College has a mango garden including jackfruit, litchi, naseberry and Blackberry. Efforts are being made to develop the campus on green concepts, particularly focusing on water conservation, use of alternative sources of energy, waste management, green belt development and sustainable development of college campus.

APJTT College pledges to actively coordinate cleanliness activities in the college and beyond the campus in accordance with the vision of Swachh Bharat Abhiyan. It commits to continue with this Programme. The broad vision is as follows:

- Generating mass awareness on cleanliness and hygiene amongst students and staff members by holding regular cleanliness drives. The idea is to motivate them to contribute in a proactive manner.
- Activities under 'Swachh Bharat Abhiyan' will be a key component of all the community work being done by NSS, and Green Society volunteers of the college.
- Staff Members will be encouraged to participate in the cleanliness drive in the college campus.
- Events such as poster and slogan competitions, essay writing, spoken word poetry, speeches, and skits on 'Swachh Bharat' will be organised.
